PROCESSING OF PERSONAL DATA

In the following, you will find information about the personal data Nykredit Bank A/S ("Nykredit Bank") collects about you, why we need to collect your personal data, and how we store the data. You will also find information about your rights in respect of our processing of your personal data.

1. COLLECTION AND PURPOSE

Nykredit Bank collects personal data on our customers¹ and persons related to our customers, such as staff and guarantors. We use personal data in connection with financial service offerings of all kinds and any related advisory, customer care, administration and credit workout services. We also use personal data for statistical and marketing purposes, prevention of misuse and loss and when filing statutory reports. Moreover, we use personal data for profiling and data modelling to be able to offer you services and products that meet your preferences and for optimising Nykredit's internal processes.

1.1 DATA RECEIVED FROM YOU

We need specific data on you when you become a customer with Nykredit Bank and while you are a customer. If you wish to borrow money, we need your civil registration (CPR) no and information about your financial position, including your tax assessment notices from the Danish tax authorities (SKAT), financial statements and budgets.

We use your CPR no when filing statutory reports with the tax authorities. If you have an address abroad, we also need information about your home country and foreign tax identification number.

Under the Danish Act on Measures to Prevent Money Laundering and Financing of Terrorism (the "Anti-Money Laundering Act"), you are obliged to verify your name and CPR no using your passport or driver's licence and other official document, such as your national health insurance card. Nykredit Bank is also required to know the purposes and intended nature of your customer relationship with us. Anyone with access to your accounts, including joint account holders/agents, must supply the same details as well as proof of identity.

We must obtain information about the source of your funds and any unusual transactions and patterns of transactions. If you are a business customer, we are required to obtain information about the legal structure, controlling owners, management and beneficial owners of the business as well as the provisions regulating the power to bind the business.

If Nykredit Bank knows, suspects or has reasonable grounds for assuming that transactions, funds or activities are or have been related to money laundering or terrorist financing, Nykredit Bank is under an obligation to report this to the authorities.

Nykredit Bank is obliged to store data collected in accordance with the Anti-Money Laundering Act, including copies of the proofs of identity. Nykredit Bank must also store other data, documents and recordings collected or made to comply with the rules of the Anti-Money Laundering Act.

Data collected with the sole purpose of complying with the rules of the Anti-Money Laundering Act are only used for the prevention of money laundering and terrorist financing.

Nykredit Bank sometimes records our telephone and video conversations with you together with other electronic communication as proof of what we have agreed and proof that we have offered you proper advice on foreign exchange trading, for example. We record and keep records of all telephone conversations and electronic communication which will or may result in a securities transaction.

Whenever you use a debit or a credit card, we register the card number, the transaction amount and the time and place of use.

¹ We collect data on you when you become a customer and while you are a customer.

1.2 DATA RECEIVED FROM OTHERS – ABOUT YOU

In addition to the data Nykredit Bank receives from you, we obtain property and personal data from public property and civil registers, including the Danish Civil Registration System and other sources and registers available to the public.

We also receive data on you from companies in the Nykredit Group and other business partners (including banks and other correspondents²) subject to your prior consent or if we are required to do so by law.

In connection with payment handling, such as the execution of payment orders, Nykredit Bank collects data from points of sale, banks and others for the purpose of completing payments and preparing bank statements, pre-notification statements etc.

When you wish to borrow money, we will search for any data recorded about you by credit rating agencies and credit default registers, including international data providers and other publicly available resources, and, subject to your prior consent, by Group companies and business partners.

We receive data from Nykredit Group companies when they file reports with the Money Laundering Secretariat under the State Prosecutor for Serious Economic and International Crime in accordance with the Anti-Money Laundering Act.

1.3 STORAGE

We store your personal data as long as they are required for the purposes for which they were collected, processed and stored.

Nykredit Bank must comply with the storage requirements set out in financial legislation, including the Act on Payments, the Anti-Money Laundering Act, the Capital Markets Act, the Credit Agreement Act, the Capital Requirements Regulation and other relevant legislation, such as the Tax Control Act and the Bookkeeping Act. Consequently, we may be obliged to store your personal data for a certain period of time, even though you are no longer a customer of ours. For example, the Anti-Money Laundering Act requires that we store your personal data for five years after termination of our customer relationship if the data were obtained for the purpose of complying with the anti-money laundering rules.

2. DISCLOSURE AND TRANSFER

Data are only disclosed to other commercial banks, mortgage banks, payees, APIs and other financial infrastructure businesses such as Nets if required for the purpose of fulfilling our agreement with you. Examples include case processing and payment handling. If, for example, you have asked us to transfer an amount to someone, we will only disclose the data needed to identify you and complete the transfer.

Subject to your consent or if possible under applicable legislation, we also disclose personal data internally within the Nykredit Group and to Nykredit Bank's external business partners, including banks and other correspondents.

Nykredit Bank only discloses your personal data to public authorities if we are required to do so by law. This is relevant with respect to the Danish Financial Supervisory Authority in accordance with the Danish Financial Business Act, the State Prosecutor for Serious Economic and International Crime in accordance with the Anti-Money Laundering Act, the Danish tax authority (SKAT) in accordance with the Tax Control Act, Danmarks Nationalbank for statistical and other purposes and the courts of law in connection with lawsuits. We make international transfers of money via SWIFT, which is a collaboration between financial institutions worldwide. Under US legislation, SWIFT is obliged to disclose data to the US authorities on international money transfers in the event of suspicion of money laundering or financing of criminal or terrorist activities.

² A foreign financial business working together with a Danish financial business on international credit mediation and payment handling.

In case of default, Nykredit Bank may disclose your personal data to credit rating agencies, debt collection agencies and credit default registers, including Experian A/S (formerly RKI Kredit Information A/S).

We will transfer personal data to processors in the context of IT development, hosting and support, including processors in countries outside the EU and the EEA. You can find a complete list of third countries to which we transfer personal data [here](#). We use standard contracts approved by the European Commission or the Danish Data Protection Agency. This is to ensure that your rights and the level of protection follow your personal data. For a copy of these standard contracts, please contact us.
